January 2015 compared to December 2014

The volume of construction works decreased, as gross series, by 70.9%, decrease highlighted as follows: in maintenance and current repairs works by 74.0%, in new construction works by 70.2% and in capital repairs works by 69.1%.

By construction objects there were drops as follows: in engineering works by 75.0%, in non-residential buildings by 68.9% and in residential buildings by 58.3%.

The volume of construction works decreased, as adjusted series by the number of working days and by seasonality, by 5.4%, decrease highlighted as follows: in new construction works by 12.6%, in maintaining and current repairs works by 10.1% and in capital repairs works by 0.2%.

By construction objects there were drops as follows: in non-residential buildings and in engineering works by 11.5% and by 8.8%, respectively. There was an increase of 21.7% in the residential buildings.

January 2015 compared to January 2014

The volume of construction works increased, as gross series, by 12.2%. By structure elements there were rises in the capital repairs works by 22.6% and in the new construction works by 17.5%. The maintaining and current repairs works decreased by 6.5%.

By construction objects there were rises in residential buildings and in non-residential buildings by 53.9% and by 27.7%, respectively. There were drops of 6.0% in the engineering works.

The volume of construction works increased, as adjusted series by the number of working days and by seasonality, by 12.9%. By structure elements there were rises as follows: in capital repairs works by 25.3%, in new construction works by 19.3% and in maintaining and current repairs works by 2.3%.

By construction objects, the volume of construction works increased by 47.6% and by 29.3% in residential buildings and in non-residential buildings, respectively. There was a drop of 11.8% in the engineering works.

Construction works indices

- percentage-

		JANUARY 2015 compared to:	
		DECEMBER 2014	JANUARY 2014
Constructions - total	B	29.1	112.2
	S	94.6	112.9
- by structure elements:			
New constructions	B	29.8	117.5
	S	87.4	119.3
Capital repairs	B	30.9	122.6
	S	99.8	125.3
Maintenance and current repairs	B	26.0	93.5
	S	89.9	102.3
- by construction objects:			
Residential buildings	B	41.7	153.9
	S	121.7	147.6
Non-residential buildings	B	31.1	127.7
	S	88.5	129.3
Engineering works	B	25.0	94.0
	S	91.2	88.2
