**Additional information:**For an accurate interpretation of the indicators, please see the [Methodological explanations attached to the press release on the homepage](#).The weighting coefficients and the December 2015 Consumer Price Indices for the main food goods, non-food goods and services are presented in the annex. [The data presented in the annex can be accessed through the Excel file attached to the press release on the homepage](#).

For the calculation of the CPI in 2015, the weighting coefficients are determined based on the data from the Family Budget Survey for 2013. In the case of the HICP, the weighting coefficients are determined on the basis of the national accounts data for the same year, 2013.

The next press release on consumer prices will be issued on 15 February 2016.
