## Revisions

As a result of the revision of the unadjusted series by including the estimates for Q3 2015 in the quarterly series, the seasonally adjusted series were re-estimated, the volume indices being revised as compared to the version published in the Press release no. 249 of 7 October 2015 as following:

- the results for the first quarter of 2015, as compared to the fourth quarter of 2014, had not been revised;
- the results for the second quarter of 2015, as compared to the first quarter of 2015, had been revised from 100.1% to 100.0%.

The seasonally adjusted series are quarterly re-estimated due to the change in adopted models, in the number of regression factors used, in the unadjusted series and in the number of available observations.
